1 Policy Purpose

- 1.1 This Policy outlines First Choice Homes Oldham (FCHO) approach in relation to rent setting and rent reviews for tenants of social and affordable rented housing and the setting of rents for forms of home ownership. It will ensure that rents are fair, transparent, consistent and compliant with Government Policy.
- 1.2 This Policy should be reviewed alongside the Service Charge Setting Policy.

2 Objectives

- 2.1 The objectives of this Rent Setting Policy are:
 - FCHO will set its rents in compliance with statutory guidance or the Regulator for Social Housing's (RSH) Rent Standard.
 - To ensure that rents are fair and affordable and that all tenants are advised clearly at the start of their tenancy, what their rent is.
 - To enable investment in the maintenance and improvement of existing homes, the provision of new homes and the providing good services to tenants.
 - To ensure that rents are set to safeguard the financial viability of FCHO.

3 Methods for Calculating Rent

- 3.1 From 1 April 2020, rents for existing properties on social and affordable rents tenures could be increased by up to Consumer Price Index (CPI) (based on September's CPI of the previous year) plus 1%, for a period of at least five years, until March 2025.
- 3.2 During November 2022 the Government issued a revision to the Rent Standard in which capped rent increases to a maximum of 7% across all rent types as opposed to the CPI +1% for 2023/24. On relet FCHO would be able to apply the full CPI + 1%.

4 Methods for Calculating Affordable Rents

- 4.1 Affordable Rents will be charged on all new build properties built under the Affordable Rents Programme and on "Conversion" properties.
- 4.2 "Conversion properties" are where existing housing stock has been transferred from a "social rent" to an "affordable rent" and the additional rental income is used to support the development of new social housing.
- 4.3 Affordable rents will be calculated in accordance with the Regulator of Social Housing's (RSH) Rent Standard and Guidance, which states that Affordable Rents will be up to 80% of Market Rent, inclusive of any service charges. From 1 April 2020 each Affordable Rent will be increased up to CPI plus 1%, based on the previous September CPI, with the exception of year commencing April 2023 where increases were capped at 7%.
- 4.4 If/when affordable rent properties become available for re-let, the rent will be rebased to establish the current Market Rent, and a new affordable rent tenancy will be issued for the property (at 80% of Market Rent). This will be inclusive of all service charges.

5 Methods for Calculating Shared Ownership and Rent to Buy Rents

- 5.1 A Shared Ownership home assists lower income households and first-time buyers to purchase a property. For Shared Ownership homes, the initial equity purchased, and any subsequent purchase of tranches are subject to the Shared Ownership Policy.
- 5.2 Where FCHO has developed new properties for Shared Ownership, the annual rent at initial sale will be 2.75% of the value of the unsold equity at the property.
- 5.3 Annual rent increases for existing Shared Owners, or Shared Ownership schemes where grant funding has already been agreed prior to 12 October 2023, are to be limited to the Retail Price Index (RPI) plus 0.5%, using the RPI figure for a specified month which is published annually. For the year commencing 3 April 2023 increases were capped at 7% in line with the governments November 2022 Budget statement.
- 5.4 UK Government issued new guidance, to take effect from 12 October 2023, that all new Shared Ownership Schemes would now be linked to CPI + 1%.
- 5.5 Annual rent for Rent to Buy properties will increase by up to CPI plus 1%, with the exception of year commencing 3 April 2023, which was capped at 7%.
- 5.6 The Rent to Buy and Shared Ownership Policies details the approach for the ongoing management of Shared Ownership and Rent to Buy products developed by FCHO.

7 Monitoring and Review

- 7.1 FCHO will set rents in line with the Government's rent restructuring regime.
